

BAND BOOSTER MEETING FROM DECEMBER 13, 2016

Band Booster President, Dana Robertson, called the meeting to order.

The Treasurer's Report and Minutes were both on the weebly for review. Both were accepted.

Trivette mentioned setting up to sell merchandise at the school prior to Christmas and maybe even some basketball games. Dana and Jennifer agreed to sell Friday, 12/16, from 11:30-5:00. Anyone else that can help would be great. We will set up in the lobby.

We sold 37 poinsettias for the plant sale. The poinsettias will be delivered on Monday, 12/19, and the students will decorate the auditorium with them for the concert.

Trivette also mentioned that we need to clean out the refrigerator and the cabinets.

As for uniform cleaning, there are a couple of students that still need to clean out their stuff. After that we will be ready to take the uniforms to the dry cleaners. We used to use M & S, but we need to call around for the best price. We are looking at about 50-60 bibs and jackets, reassembled and delivered.

January 13th are exams.

On January 24th our chocolate sale begins. We want to start as soon as we can.

Dana said we are scheduled for the spaghetti dinner at Salem Lutheran Church on April 28th and the banquet at Unity Presbyterian Church on May 20th.

Trivette said as for the Disney trip, to keep in mind that if there are discipline problems with any student that the student does not have to go.

Anything for band that needs to be finished and turned in should be turned in by January 13th.

All-District auditions are scheduled for January 7th. All-County auditions are Feb 11th. The students need to practice their music daily.

UNC Greensboro audition deadline is January 17th. Anyone can apply. You have to submit 3-4 minutes online.

There is a scheduling survey for next semester, and that's also a grade.

We sent flowers to a couple of funerals last month and received thank you cards.

It has been determined that next year we may have to change our fundraisers a bit. When we went 501c, we are not allowed to fundraise for one student. So next year, we will have to split the profit of what the entire band makes with the entire band population. It could cause the students to try harder since it will affect the entire band.

Trivette said we may need to consider not selling fruit in the future. We seriously need to check this. He suggested that everyone take a look at ideas and bring them back in March.

Dana thanked everyone for coming to the meeting. The next Booster Meeting will be February 21st. The meeting was adjourned.
